

Immunization & Health Document Requirements
Quorum Crossroads Hospital

Dear New Associate,

Welcome to the R1 RCM document tracking service. R1 RCM has contracted with PreCheck / Sentry MD, to obtain, store, and maintain their associate's health requirements. PreCheck / Sentry MD is a confidential health record management service. Included in this packet are the health and immunization requirements that are required of you to meet the site requirements. It is important that you review this material carefully and submit all requirements to Sentry MD.

STEP 1: Begin obtaining the requirements listed in the following pages:

Contact your healthcare provider to obtain the required copies of vaccines, titers and or tests. If you do not have these items in your past health records, begin making appointments to complete any missing requirements.

STEP 2: Submit Documents- Requirements detailed in part II:

Once you have gathered documentation for all requirements, submit them altogether with the signed authorization in Part II of this packet as ONE PDF upload to the secure portal at <https://mysentrymd.com/sentrymd.html#/upload/95>.

STEP 3: Account Access- Login instructions detailed in part III:

Login to your account to view your compliance status and stay informed on any items that could expire. Associates are responsible for maintaining their compliance throughout their employment and must submit any annual or seasonal requirement updates to the Secure Uploader at <https://mysentrymd.com/sentrymd.html#/upload/95>.

Please email any questions regarding your compliance status and or health requirements to R1RCM@SentryMD.com!

PART II- HEALTH REQUIREMENTS: Please provide the required documents for each section to move forward with your onboarding process. All documentation must be current and provided to Sentry MD.
Note: All vaccines, titers or tests must be properly documented on the Provider’s form with their signature, stamp, or letterhead and date. Submit all requirements listed below as ONE PDF submission to the secure portal at <https://mysentrymd.com/sentrymd.html#/upload/95>.

Measles, Mumps and Rubella (MMR):	<p><u>MMR Requirement Options:</u></p> <p>Option 1). Positive QUANTITATIVE IgG antibody titers for Measles, Mumps and Rubella. If a titer results in non-immunity a booster dose is recommended</p> <p>Option 2). Send documentation of past vaccine series and sign declination, please complete the Quorum declination form and submit to Sentry MD.</p>
Hepatitis B (HepB):	<p><u>HepB Requirement:</u></p> <p>A Positive QUANTITATIVE IgG surface antibody titer is required. If you have documentation of your HepB vaccines series, please also send this with your titer report.</p> <ul style="list-style-type: none"> • If a titer results in non-immunity, a new vaccine series is highly recommended, and documentation of each new dose should be sent into Sentry MD. The two dose HEPB vaccines are accepted as a follow-up series to a non-immune titer. • To decline the HepB requirement, please contact your site for their HepB declination form and send the completed declination to Sentry MD.
Influenza (Flu):	Flu vaccine required seasonally
Tuberculosis (TB/PPD/Mantoux/IGRA):	<p><u>TB Requirement Options:</u></p> <p>Option 1). TB Blood Test (QuantiFERON or T Spot) within 90 days of entry into R1 RCM with a negative result.</p> <p>Option 2). If TB history is positive a QuantiFERON TB Gold Blood draw or a clear Chest X-ray within 90 days of entry into R1 RCM is required.</p>

PART III- COVID-19 OPTIONAL VACCINE INFORMATION:

In coordination with many of R1's end-to-end customers, associates working at hospital sites had or will have the opportunity to receive the COVID-19 vaccination in accordance with the customers' respective vaccination schedules and protocols. At this stage, consistent with R1's customers' current policies, scheduling/completion of the vaccination is highly encouraged, but not mandatory. Sentry MD will store your COVID-19 Vaccine card in the document section of your account, in the chance you need to access it at any time by logging in. If you choose to send in your document, please wait until you have completed both of your COVID-19 vaccines and then submit your COVID-19 vaccine card to the Secure Upload Portal at <https://mysentrymd.com/sentrymd.html#/upload/95>.

If receiving the COVID-19 vaccine, please be aware it might conflict with other required vaccines. The full impact of the COVID-19 vaccine on TB test accuracy and effectiveness of other vaccines is currently unknown. Therefore, current CDC guidance is to adjust the timing of TB testing and other vaccine administration to employees who recently received a COVID-19 vaccine.

The Centers for Disease Control and Prevention (CDC) recommends the following:

- TB blood and skin tests should be delayed for four weeks after the second mRNA COVID-19 vaccine. However, these tests may be performed at any time **before** the first COVID-19 vaccine is administered.
